I understand that the members of the Canadian Farm Builders Association strive for excellence in all aspects of farm building. I will read the information sent via email, mail, or fax, and participate in CFBA functions and seminars, advancing my knowledge of quality practices within the farm building industry. I agree to work by the standards of practice and proper conduct as specified in the CFBA constitution and by-laws. I understand that the business and contact information that I provide will be included in the 'Membership Directory' on the CFBA web site, unless I request otherwise. I provide consent to receive communications via email. I understand that my membership may be revoked at any time if I fail to comply with the objectives of the CFBA.

Please tell us about your business. Are you unique to the area?
Do you have any suggestions for the CFBA?

The Canadian Farm Builders Association (CFBA) was formed by a group of contractors who met in Guelph, Ontario on February 5th, 1980. In its first year, the Association registered over 180 members. The CFBA is a completely autonomous and member-financed Association.

The objectives of the CFBA are:

- to promote and advance the construction of structurally sufficient, environmentally sound, efficient farm buildings in Canada
- to promote and advance the standards of farm structures through research, education and practical application
- to encourage high quality work and fair dealing by Association members toward farmers and the general public
- to represent the Association in legislative proposals, codes, safety, labour and other matters administered by government, and
- to organize and support meetings for the exchange of information among members of the association
