

ICF Seminar & Site Visit

A professional development seminar and field visit presented by Concrete Ontario, Activa, Melloul-Blamey Construction and RV Construction.

LIVE ICF CONSTRUCTION PROJECT - LEARN ABOUT THE BENEFITS AND EASE OF USE THAT ICF CONSTRUCTION CAN PROVIDE TO YOUR PROJECT!

SEMINAR OBJECTIVES

- Gain insight into the many benefits of ICF construction.
- General Contractor's perspective on the overall project and ICF construction.
- Site visit to the Activa 7-story Reflections II Apartments project to view first-hand the use of ICF.

WHO SHOULD ATTEND

Architects, Consulting Engineers, Project Managers, Inspectors, and any other occupations related to the construction of mid and high rise buildings.
